

**Subpart 109-26.5—GSA
Procurement Programs**

§ 109-26.501 Purchase of new motor vehicles.

§ 109-26.501-1 General.

(a) [Reserved]

(b) Motor vehicles may be purchased directly rather than through GSA when a waiver has been granted by GSA. The waiver request should be submitted directly to GSA and a copy forwarded to the DPMO. However, where GSA refuses to grant a waiver and it is believed that procurement through GSA would adversely affect or otherwise impair a program, the DPMO may, upon written request of the head of the DOE field organization, grant the authority for direct purchase of general purpose motor vehicles. Upon receipt of written authorization from the DPMO, the head of the field organization may authorize direct purchase of special purpose vehicles. The purchase price for passenger motor vehicles shall not exceed any statutory limitation in effect at the time the purchase is made.

§ 109-26.501-4 Submission of orders.

An original and two copies of requisitions for passenger motor vehicles and law enforcement motor vehicles shall be forwarded with justification for purchase to the DPMO, for approval and submission to GSA. Requisitions for all other types of motor vehicles shall be submitted directly to GSA.

§ 109-26.501-50 Authority and allocations for the acquisition of passenger motor vehicles.

(a) Authority for the acquisition of passenger motor vehicles is contained in the Department's annual appropriation act.

(b) DOE offices shall include in their budget submissions the number of passenger motor vehicles to be purchased during the fiscal year. The procurements will be identified as either additions to the motor vehicle fleet or replacement vehicles. A copy of the motor vehicle portion of the submission should be submitted to the DPMO.

(c) To assure that DOE does not exceed the number of passenger motor vehicles authorized to be acquired in any

fiscal year, the Deputy Assistant Secretary for Procurement and Assistance Management or designee shall allocate to and inform the field organizations in writing of the number of passenger motor vehicles which may be acquired under each appropriation. These allocations and the statutory cost limitations imposed on these motor vehicles shall not be exceeded.

(d) The motor vehicle fleet manager shall provide written certification to the OPMO that disposition action has been taken on replaced passenger motor vehicles. Such certification shall be provided no later than 30 days after the disposition of the vehicle. Replaced passenger motor vehicles shall not be retained in service after receipt of the replacement vehicle.

§ 109-26.501-51 Used vehicles.

Normally, DOE does not purchase or authorize contractors to purchase used motor vehicles. However, the Director, Office of Administrative Services and heads of field organizations may authorize the purchase of used motor vehicles where justified by special circumstances, e.g., when new motor vehicles are in short supply; motor vehicles are to be used for experimental or test purposes; or motor vehicles are acquired from exchange/sale. The statutory passenger motor vehicle allocation requirements shall apply to any purchase of used passenger motor vehicles except in the case of motor vehicles to be used exclusively for experimental or test purposes.

§ 109-26.501-52 Justification for purchase.

(a) Requisitions for additions to the passenger motor vehicle fleet must contain adequate written justification of need. Such justifications shall be prepared by the motor vehicle fleet manager and approved by the OPMO, and should include:

(1) A statement as to why the present fleet size is inadequate to support requirements;

(2) Efforts made to achieve maximum use of on-hand motor vehicles through pool arrangements, shuttle buses, and taxicabs;

(3) The programmatic requirement for the motor vehicles and the impact
